

Informal meeting re: Phillips Clinic request--NOTES

Hybrid means what? Some are in person and some remote? Some classes in person for all and remote for all? Marcela wants the last option, but not mixed in-person and remote in each session.

How many hours of class in four weeks? How many hours per class and how many classes per week.

What are the objectives.

Is it only Spanish several specific languages or any and all languages.

To cover:

- Importance of having a trained interpreter
- Self-assessment to encourage people to make sure they really have the language skills needed to interpret

Marcela's curriculum at Century was a 12-hour course and covered ethics code and its application in practical situations, many skills practice exercises.

Fee: Marcela has charged \$100/hour for MN Literary Council starting in 2015 until 2024. For MNTIC, that would mean \$120 to have it be \$100 for Marcela. Marcela should be paid \$150/hour, which means MNTIC would charge \$200, with MNTIC taking 25% and Marcela taking \$200. We are guestimating a 12 hour course over a 4-week period, but Marcela is willing to take it down to 8 hours. That is the minimum.
